

# IFRS: GLOBAL RULES & LOCAL USE

## 5<sup>th</sup> International Scientific Conference 1<sup>st</sup> Call for Papers

DATE: October 20, 2017

VENUE: Anglo-American University, Letenská 5, Prague, Czech Republic

CONFERENCE WEB: <http://car.auni.edu/>

ORGANISER:

School of Business Administration  
Anglo-American University, Prague

ABOUT THE CONFERENCE

Scholars and scientific public with interest in bridging the gap between international accounting rules IFRS and their local applications involved with issues of finance, accounting and management are invited to share their knowledge, understanding and experience in this event organised by the Anglo-American University, Prague. In the age of accounting harmonisation the aim of this conference is to research specific accounting differences and various forces that lie behind them. The differences should be researched from both theoretical and practical perspectives with the main focus on various forms reflected in accounting practices in emerging markets and transitional economies.

Special guest of the conference is Professor [David Alexander](#) from University of Birmingham, renowned expert in the field of IFRS and international finance and accounting. We also have the pleasure to announce the distinguished academic – Associate Professor [Andrei Filip, ESSEC Business School](#), in France. From the Czech Republic we have a distinguished guest Professor [Jiří Strouhal, Škoda auto university](#). We will have also expert speakers especially from the finance and accounting profession.

Other distinguished European and American academics and guest speakers will also be involved. Please follow the updates on the conference webpage <http://car.auni.edu/ifrs-conference-2017/>.

CONFERENCE TOPICS:

Topics suitable for the conference include but are not limited to:

- Specific issues of incorporating EU accounting Directives in national accounting rules
- Valuation of companies in transitional markets
- Sustainability, environmental and integrated reporting
- Professional training of accountants in the IFRS era
- Historical perspectives of IFRS in different countries
- Relationship between tax and accounting
- Impact of IFRS on reporting and controlling
- Financial reporting for SMEs

### PARTICIPATION

Scientific papers submitted to the conference will go through the rigorous review process. After acceptance contributions will be included in the conference proceedings. (Authors can opt out from publication in proceedings).
